

GLASS CLEANER

Fast Acting All Purpose Liquid For Cleaning Windows

Technical Data Sheet

PROFESSIONAL CLEANING RANGE

Description:

A fast acting all purpose cleaner with non smear formulation.

Features & Benefits:

- ♦ **Fast acting.**
- ♦ **Trigger spray for easy application.**
- ♦ **Non smear formulation.**
- ♦ **Suitable for mirrors and all types of glass.**

Uses

Suitable for the cleaning of all types of glass, chrome, laminates and plastics.

Bond It GLASS CLEANER will remove all common contaminants from atmosphere deposition, for example traffic fumes, nicotine, soot as well as finger marks.

After removal of contamination Bond It GLASS CLEANER leaves a streak and smear free finish. It is also perfume free and non-tainting.

Application

Adjust spray nozzle to give required spray pattern. Spray from 200mm (8"), a light application of cleaner. Using a clean, soft, absorbent cloth, polish the surface to a bright streak free finish. For stubborn stains, leave the sprayed liquid on the glass surface for a few minutes before wiping off and polishing. Repeat as required. Heavy contamination should be removed prior to the final clean and polish with Bond It GLASS CLEANER. Keep bottle upright during application. As with all cleaning products it is recommended to test a small, inconspicuous area before use to ensure compatibility.

Size

Supplied in 1L plastic bottles and 25L plastic cans.

Colour

Light blue liquid.

Shelf Life

24 months from date of manufacture when stored in original, unopened bottles.

Storage Conditions

Store upright in a cool, dry place out of direct sunlight between +5°C and 25°C. Protect from frost.

Disposal Of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Please refer to separate safety data sheet (SDS) for full handling, use and storage instructions. Keep out of reach of children. It is the user's responsibility to determine suitability for use. If in doubt, contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control.

Specification Summary

Appearance	Blue liquid
Flashpoint	+31°C
pH	7.9
Solubility in Water	100% soluble
Boiling Point	+100°C (water)
Density	approx 1g/cm ³
Commodity Code	3402509000
